

MAKING PLANS FOR BUTTE.

Work That Was Laid Out Last Night By the Capital Committee.

BUTTE, Aug. 25.—Nearly every member of the executive committee was present at the meeting to-night and the entire soliciting committee except Mr. Casey, who is out of town. As he expects to be away for some time, James Lynch was persuaded to take his place and W. R. Kenyon was also added to the committee, which was instructed to meet to-morrow morning at 10 o'clock to resume work. During the meeting John E. Lloyd asked for the privilege of subscribing \$100 and was accommodated. The committee has been soliciting only a few hours to-day and asked for several days further time before making a report. They did, however, realize that they had sufficient assurance of all the money they could use. Dominick Salki and J. P. McAvoy were added to the executive committee for Meaderville. A number of speeches were made and ways and means discussed. E. E. Congdon, George Irwin, James Lynch, J. W. Forbis and others speaking. The boulevard committee was urged to circulate petitions calling on the county commissioners to improve the drives and roads around Butte. The smoke and union depot committees were also requested to report.

President Forbis of the committee of one hundred made an enthusiastic butte for the capital speech, during which he expressed the belief that by election the contest would really have narrowed down to two or three towns. He said it was surprising what strength Butte has on the east side and in other counties, and for the present he thought the committee's efforts should be devoted to a thorough organization in Butte and Silver Bow county and convince every man here why Butte should and will have the capital. He predicted that the final vote would be between Helena and Butte and that Butte would win if her people stand together. Mr. Forbis urged that the contest continue friendly and that no sectional fight be stirred up. He said the only thing that has ever been urged against Butte is the smoke nuisance, which he guaranteed would be settled completely within the next year.

Mr. Lynch also added that the abatement of the leap means laid down away with nine-tenths of the trouble and all the smoke that now prevails comes from stacks that are being used in violation of the ordinance, many of them being not over 35 feet high. As soon as they are raised to the proper height the last vestige of smoke will disappear above the mountains. Mr. Lynch also suggested that committees be appointed for every precinct in the county to circulate pledges to support Butte, and also get a list of those opposed to Butte, so that the people could see who are their friends and who their enemies. In accordance with this suggestion J. W. Forbis, Frank Wilson and John E. Lloyd were appointed a committee to circulate the petitions and commence the work.

It was also decided to appoint a permanent secretary for the executive committee to attend to the detail work. The committee on statistics and literature was requested to secure the necessary compilation, for publication in pamphlet form, for immediate circulation. The committee on advertising was also authorized to have printed several hundred thousand of stickers with "Butte for the capital" on them to be furnished free to business men and others, who can use them on letters, envelopes, etc. A number of voluntary subscriptions were made to-day, and Mr. Congdon stated that the committee has received assurance from the large business men that funds will not be wanting. The meeting adjourned until next Monday night.

ANOTHER WALK-OUT.

Men Quit Work at One of Carnegie's Mills at Pittsburgh.

PITTSBURGH, Pa., Aug. 25.—More than 20 men at the forge and blower of the Twenty-ninth street Carnegie mills, quit work to-day in sympathy with the locked-out men. After the men came out the bosses immediately posted notices throughout the mill to the effect that they would be obliged to shut down on account of no work for the men. At the Thirty-third street mill this morning all departments were running full. Several watchmen and employees of the Carnegie company, principally clerks who had been observed at times talking to reporters and strikers, have been discharged.

EASTERN POPULISTS.

They Have Plans to Make an Aggressive Campaign.

NEW YORK, Aug. 25.—The national executive committee of the people's party has decided that eastern headquarters will be opened immediately at Boston. General Washburn has been selected to preside over the headquarters. It was resolved to put up a full state ticket in each of the states represented, namely: Rhode Island, Connecticut, New York, New Jersey, Pennsylvania and Maryland. Plans for an aggressive campaign in each of these states have been mapped out.

FALL RIVER'S MYSTERY.

First Day's Hearing in the Borden Murder Case.

FALL RIVER, Mass., Aug. 25.—In the Borden murder case, the counsel for the defense has given out a letter signed by Samuel Robbins, telling in a rambling way of the writer's interview with a blood-stained stranger the day of the murder. The writer of the letter is known in Weymouth as a peddler, but cannot now be found. The first day's hearing in the Borden case closed this evening. Nothing new was developed except, perhaps, the slipshod method of the police force and the medical examiner, one of the results of which is the imprisonment of Lizzie Borden.

OLD TIME MINSTRELSY.

Heavily's Burnt Cork Artists at Evans Opera House.

A good audience thoroughly enjoyed two and a half hours of solid fun at the opera house last night. Heavily's Masterful did not belie their name; their programme was a good one. Every number on the programme smacked of the old-fashioned minstrelsy that delighted our boyhood days. Billy Rice does not lose any of his amusing traits as he grows old, and his stump speech was greeted with hearty applause. The musical comedies were unique and funny, while the soloist who sang in himself, the burlesque "Trovatore" scored a good hit. The music was all first-class and the dancing was good. Kissell, the musket manipulator, was one of the stars.

GERTIE TOOK A TUMBLE.

How a Female Balloonist Soared Into Spirit Land.

DETROIT, Aug. 25.—Gertie Cardo, a balloonist, making ascensions at the exhibition grounds, was killed this afternoon by a balloon striking the high tower of the exhibition building and hurling Miss Cardo to the ground. She fell 300 feet and death was instantaneous.

A FREE-FOR-ALL.

The Columbia Gardens: the Scene of an Interesting Prize-Fight.

BUTTE, Aug. 25.—"Young Boland" of Australia, weight 157 pounds, and Henderson, a colored giant from Helena, weighing 197 pounds, participated in a prize-fight at Columbia gardens that was a little out of the regular run. Jim Lovett was referee and before the fight had gone very far it was discovered that he was dead stuck to have the coin win. In the third round Henderson kicked Boland in the stomach and knocked him down and then proceeded to kick him around the face and body until time was called. In the ninth round Boland had his opponent whipped to a standstill, but Lovett refused to give him the fight. Gus Brown, a little scrapper, who weighs 129 and was seconding Boland, then jumped into the ring and went at Lovett, who weighs nearly 200, and inside of a minute had him down on the floor and was bumping his head against the planks. The little fellow was pulled off and Lovett struggled to his feet and declared the fight a draw. Then a free fight followed and for about 10 minutes the air was full of oaths, dust and torn clothes. Boland and Henderson divided the gate receipts, which amounted to \$20.

KEEPING UP THE BATTLE.

Lackawanna Switchmen Conclude to Continue Their Strike.

BUFFALO, Aug. 25.—To-night the Delaware, Lackawanna & Western switchmen held a meeting and resolved to continue the strike. They have chosen Miles Barrett as their leader. They propose to fight the battle to an end. The Nickel Plate switchmen have followed the lead of the Lackawanna and have agreed to continue the strike. The reason for the second strike of these men is that they were not consulted by Sweeney before he declared the strike off.

"Yon Yonson."

BUTTE, Aug. 25.—"Yon Yonson" opened to a big house to-night, and, as on former engagements, greatly pleased the audience. Gus Hegge's character of the Swede is as perfect as the native himself could represent it. The company plays two more nights and a Saturday matinee.
